

OCTAVIO DIDIER SAUCEDO ZAPATA

Engineer in Virtual Environments and Digital Businesses

 5587681848

 [Portafolio](#)

 didiersaucedoz@hotmail.com

PERFIL PROFESIONAL

Training in web design and development, object-oriented programming, video game development, and database management. I consider myself a proactive, self-taught person with a strong orientation towards problem-solving. I have experience in collaborative environments and agile methodologies, as well as in developing digital solutions for real clients in WordPress and Shopify environments.
